Stubb's Bar-B-Q

Featuring

Live Entertainment from
Local Artists

LONESTARCRAWFISHFESTIVAL.ORG

Presented by **PHI DELTA THETA** Benefiting **THE BUSBY FOUNDATION**

Helping families in Central Texas suffering from ALS/Lou Gehrig's Disease

JOIN US IN CELEBRATING cold beer and “all-you-can-eat” crawfish at Stubb’s Bar-B-Q for the 15th Annual Lonestar Crawfish Festival. We’ll be partying Cajun-style with rocking, live music right in your backyard. All proceeds from the event will go towards the Busby Foundation as they support Central Texas families affected by ALS.

The Busby Foundation was established in November 2001 by friends and colleagues to honor the courageous life and legacy of former ALS victim, Bo Busby. The foundation provides financial support and assistance to Central Texas families with gifts ranging from a few hundred to many thousands of dollars. Our financial support and continued empathy comforts patients and their families when the disease may overwhelm them with its ongoing demands and lifestyle changes.

Since its inception, The Busby Foundation has assisted many patients and their families in the Central Texas area. Here are just a few examples:

- Provide financial “gap” assistance until federal agency aid begins.
- Directing families on available resources in managing these challenges.
- Constructing wheelchair and handicap accessibility features into their home.
- Assisting with home health care and nursing aid.
- Supplying transportation vouchers to help with hospital visits.
- Donating services to help families secure wheelchairs, breathing equipment, stair lifts and other mobility devices.
- Showing compassion and empathy in demonstrating the community of ready and willing support in their battle with ALS.

About ALS: Amyotrophic Lateral Sclerosis (ALS, sometimes called Lou Gehrig’s disease) is a progressive, usually fatal, neurodegenerative disease caused by the degeneration of motor neurons, the nerve cells in the central nervous system that control voluntary muscle movement. As a motor neuron disease, the disorder causes muscle weakness and atrophy throughout the body as both the upper and lower motor neurons degenerate, ceasing to send messages to muscles. Unable to function, the muscles gradually weaken, develop twitches because of denervation, and eventually atrophy because of that denervation. The patient may ultimately lose the ability to initiate and control all voluntary movement except of the eyes.

The Crawfish Festival is an excellent sponsor-marketing vehicle. Sponsor involvement provides awareness, marketing opportunities, and enhanced community relations. Reward your best customers, employees and friends with a great evening of music and crawfish at a great Austin venue.

MESSAGES FROM FOUNDATION RECIPIENTS

“I will never forget what the Busby Foundation did for us. It takes special people to reach out and help someone, to touch a family by giving and caring.” – Paul and Teresa B.

“I am so impressed with the love, care and spirit of helping that I have experienced through The Busby Foundation. All of the people who helped my sister-in-law were so generous with their time, support and love. I could never thank all of those connected with The Busby Foundation enough.” – Brett W.
